## NEW RULE

**As to Marriages Effective in Catholic Churches on January 1.**

A new rule as to marriages becomes effective in the Catholic church on January 1. It applies when only one of the parties to the marriage is not a Catholic, in which the non-Catholic must receive instruction for one month before the marriage can take place. This is done for the purpose of reducing the number of divorces, the church holding that disagreements may arise which may result in an estrangement ending in divorce, because the non-Catholic entered the marriage contract without having a proper conception of the duties of the Catholic.

This rule was issued by the pope, and has been read in all the Catholic churches.
